

Ballard County, Fulton County, and Hickman County Fact Sheet

This data comes from the 2012 Kentucky Equine Survey conducted by the National Agricultural Statistics Service (NASS), with support and assistance by the University of Kentucky College of Agriculture and the Kentucky Horse Council. Full details of the report may be found online at equine.ca.uky.edu/kyequinesurvey.

For the purposes of this study, an “equine operation” is defined as an address on which at least one horse, pony, donkey or mule resides. From this study, it was determined that an equine operation encompasses the large breeding farms, property on which equines are kept for personal use and other land with a primary use that may not be equine-related, such as a cattle operation or crop farm. It is estimated that there are a total of 35,000 equine operations throughout Kentucky. These equine operations accounted for a total of 4.3 million acres of land, of which 1.1 million acres were devoted to equine-related activities.

Ballard County Facts

It is estimated that there are 300 horses in Ballard County and the total value of Ballard County’s equine and equine-related assets was \$596,000.
